VIRTUE OF THE MONTH: FORTITUDE

What is Fortitude? Fortitude is being strong or courageous in the face of hardship.

What does Fortitude look like? Playing at recess with someone who is not considered popular even though you may face ridicule for it later.

JOKE OF THE MONTH:

What kind of bow can't be tied?

A rainbow!

WORDS OF WISDOM:

"And He watched over me before I knew Him and before I learned sense or even distinguished between good and evil."

- St. Patrick

FUN FACT:

Commonly associated with leprechauns, the rainbow is actually a sign of God's promise to love and take care of us! In Genesis chapter nine, after the flood waters disappeared and Noah was able to leave the ark, he saw a rainbow across the sky. This is meant to be God setting down his "bow"—like a hunting bow and arrow—and promising to never take out his wrath on humankind and destroy the earth again. That's why it is said that a pot of gold can be found at the end of the rainbow. Fortune is found at the end of God's promises(a fortune like eternal life!).
